

You'd be winning just by playing hun ❤️

7:59 PM

YAYY!!

Anyway, AWAY WITH YOUR HORNINESS! IM FNAF FIC WRITING!

8:01 PM

NOOO

8:01 PM

AWAY I SAID, YOU BEAST!

8:02 PM

But i wanna 😞

8:03 PM

(I finally found it)

8:03 PM

I wanna have irl sexy time with you 😞

8:04 PM

Best I can do is blowjob, you're gonna wait til marriage for this pussy

8:04 PM

Aw man

Really???

8:05 PM

Yep

8:05 PM

You hate me and want me to die 💔💔

8:05 PM

Too badddd!!! HEHEHE!

(I'm /srs btw)

8:06 PM

Okayyy

But now we definitely have to get married

Statistically i won't be able to be a not-virgin past the age of 20 🙄

8:08 PM

Unfortunate, but hey, it's you and me both

8:09 PM

Actually heart wrenching to think about

8:09 PM

If you think about it, you may still be a virgin but you have predestined pussy now

The promised pussy

IT WAS FUNNIER IN MY HEAD 💔🍆

8:11 PM

I know it seems funny right now, but if for some reason we break up, i more likely than not, WILL NOT be able to find someone to be with

It's one of those huge fears to have as a man

8:13 PM

Awwww, you're such a sweet guy, you could rizz up any girl if you wanted to. You literally carried the final phase of our pre-relationship phase with you bare hands

LIKE

YOUR FLIRTING SKILLS ARE PEAK

FYM

8:14 PM

That only worked because you already liked me

I have no idea on how to even begin with someone i don't know

8:15 PM

Yeah that's fair, me neither tbh :')

I have to at least me on "casual friendship" terms with someone before I like them or else I just give up day one-

8:15 PM

As much as i am comfortable talking to you, I'm VERY socially awkward

8:15 PM

typicaldarkmage

As much as i am comfortable talking to you, I'm VE...

Yeah, I almost forgot about that-

Well, if it counts as anything, I think you're very much a good catch 😊

8:17 PM

Thank you love, but i don't think you understand my position really

I have a neet life(unwillingly), not good at making friends, it's seen as weird for a man to be a virgin the older he gets, and am socially awkward

It's a damn miracle i have you

On the other hand, you're amazing at socializing, you're cute, can cook, and your virginity is more prized than mine

8:21 PM

Never really thought about that. Guess it's so normalized to me that guys are virgins until marriage bc of my religion that I didn't really consider that it wasn't like, normal for everyone else

8:21 PM

It's fine, but it's quite scary to think about

My uncle himself on got married at almost 50 years old, and even then he was desperate enough to marry her for her citizenship

8:23 PM

Yikes-

But no yeah, I get it. But hey, if anything, you've got me and I'm not thinking of getting rid of you any time soon at all!

8:24 PM

Thanks

8:25 PM

I know it's scary but if anything, it's something you can't really be worrying about now. It's just gonna make you more anxious over a scenario that didn't/might not even happen, so try not too think about it too much. And remember that I love you, and I'm here to stay ❤️

I know from experience that thinking of a possible terrible future occurrence just causes you to torture yourself for no reason

And I find thinking that "what ifs are not real" a good way to cope with it

8:28 PM

It still scares me, and it's scared me every time I've chosen not to pursue someone romantically

It's not just "it hasn't happened yet, so don't worry about it" it's the rest of my life

You've had the opportunity to date, and have good and bad experiences. You know what you want, how to get it

Meanwhile you are my FIRST EVER GIRLFRIEND

8:31 PM

It hurts, that you just chalked it up to "it'll be easy for him"

8:33 PM

I was scared every step of the way when talking to you, and it made my heart race whenever you reciprocated

8:35 PM

Let me be clear: I'm not pressuring you for sex. I'm upset that you viewed it in such a way that made light of what was essentially a very possible future for me. It's not your fault, you didn't know. But it still scares me, and it still hurt me

8:41 PM

I'm so sorry love, I didn't even realize that it was like this for you. I didn't mean to hurt your feelings and I won't do that ever again. I should've been more considerate of your situation. Sorry if the apology sounds robotic, but I genuinely do mean it.

8:45 PM

It's not your fault, you didn't know

I honestly thought that I'd never fall in love with someone, never be in a relationship

So you being with me is something I've been wanting for the longest

Someone to love, and for them to love me

8:49 PM

No no, it's partially my fault. I REALLY really do need to be more open with what's on my mind. Because I've been meaning to say that thing about not wanting to really have sex until like marriage. Guess because as the days go by I've been really struggling with all of that. And dropping it as a joke wasn't very mature of me

If anything it led me to making light of what you were saying even if I didn't mean it. And I should've initiated a serious conversation

8:52 PM

Again, it's not your fault in wanting to wait til marriage. You shouldn't/don't have to give a reason why, because it's up to you on what you want to do with your body

8:56 PM

I'm sorry

You shouldn't have to hear me unload about all this stuff

9:41 PM

No no, it's okay! I want you to feel like you can tell me anything too!!

And I'm glad you told me this, honestly, it helps me understand you better and it lets me be more considerate with you!

9:43 PM

It still feels horrible to have that fear and to have made you feel apologetic after hearing about it

9:45 PM

No no! It's okay!

Sorry for the sporadic replies, my parents have me doing stuff

10:19 PM

I'm mostly apologizing for what I said if anything. And for making light of it. And I do owe you an apology for that whether it was something I couldn't have know or not because it still hurt your feelings, yk?

And I wanna avoid that at all costs bc I love and care about you. All this to say, don't feel bad about me apologizing.

10:24 PM

I don't think i want to feel emotions right now

10:29 PM

If you want I can give you some space rn? If not that's cool too

10:30 PM

I want you around, but i don't want to feel

It's confusing, really

10:31 PM

Well, I'm here for whatever you need love

If you wanna change to topic and talk about something else we can.

10:38 PM

I just want to zone out and cuddle

10:40 PM

I wish I could do that right now, love. I wish I was there to hug you.

10:40 PM

Thank you

I love you

10:45 PM

I love you too

10:45 PM

I'm sorry we couldn't have this conversation in person, sometimes I feel like I sound so insensitive and insincere over text. But I do truly feel that you've treated me better out of anyone I've dated. You're the sweetest and I love you, and don't you ever forget that, okay? You mean the world to me

10:47 PM

It's fine

I love you too

10:49 PM

You're such an amazing girl

I'm so lucky to be your boyfriend

10:54 PM

You know, sometimes it feels like it's all so new with you. In a good way. All my past relationships have been horrible, and you're like, straight out of a fairy tale. You're so sweet, you care about me, you're considerate. In my world, I'M lucky to have YOU. You know that, right?

You're the best boyfriend I've ever had.

Like ever

10:56 PM

I feel like i set a low bar honestly

Why would i not care and be considerate of the girl i love?

10:59 PM

Well that's not the bar you set! It's just, it feels so new to me because I've never really had anyone that treats me right until you.

11:00 PM

I don't want you to feel like you're not enough, because you're genuinely such a good boyfriend and overall a good person. And I love you and care about to so much. And you're more than just a good boyfriend to me

You're the best I've ever had. The absolute best.

11:04 PM

And in all honesty, we're in the honeymoon phase of our relationship rn, but I'm not gonna lie, I'm kind of a bitch. I try my best to have like, basic human decency but sometimes I just do/say stupid shit that just isn't right. And I'm glad you told me something because I can REALLY be inconsiderate some times. And when I am just not grasping it you REALLY do gotta tell me how you feel

And i appreciate it a lot when you do tell me these things yk? Because I know you're enamored with me, but if I make you feel bad tell me off. I'm not gonna take it personally.

I get caught up in my own shit so easily and I don't want you to feel like I'm not listening either, so always let me know, okay love?

11:11 PM

Okay, I'll be sure to tell you

It wasn't you saying something stupid or insensitive this time

It was a combination of my desires, fears, and insecurities that led to making me feel this way

You tried your best to make me feel better by playing it off jokingly

You did the best you could with what you had

11:15 PM

I understand, love

I don't wanna put more stress on you rn so we can revisit the sex conversation on a later date. When you feel better ofc :))

Doesn't have to be anytime soon if you don't want

11:18 PM

I think we should have it now

I've calmed down enough for it

11:19 PM

Okay so

I should've started off with saying that I've been feeling a certain way about it myself in regards to any type of sex in general. It's not just when I engage in anything with you, even when I try to do something on my own it just feels icky. And I know I bring up my past sexual trauma a lot, but I was clearing out my storage and I saw the nudes I took of myself and I was just disgusted at myself.

11:22 PM

And I'm gonna be honest, I did cry a little because I had a few even older ones that I'd sent to that guy I date for three years. And I realized the poses and angles were the exact same and it just made me feel like shit. And I didn't really wanna tell you because I don't wanna sound so prudish. But my entire life I've been okay with being a decent little modest girl until that guy coerced me into doing those things.

11:24 PM

And I feel like I rushed things between us because in truth, the love you show me is like, a thousand fold more special to me than the sexual stuff we do. And I did consent to them all, and I don't wanna say I regret them, but it's really a mixture with how hectic my home life has become and just dealing with it that I felt like I was "escaping it all" by getting all sexual with you. But it all felt so superficial on my part right after because I do care about you, and it felt like I was trying to do the same things I used to do to keep that other guy at bay, but on my own accord. And in some way it did feel like I was leading you on when I didn't really wanna engage in it anymore.

11:28 PM

And as of lately it's been more of me being repulsed with myself. And not only that but honestly for religious reasons too. And ik you don't really believe in the same thing as I do and sometimes it kinda scares me you might think I'm like, being hysterical. But I do believe real love is more innocent and while it's okay to be sexual at times, I feel like my battery has completely exhausted.

11:32 PM

I have wanted to love someone and be in a relationship and do all the relationship things with them

Stuff like holding hands, hugging, kissing, cuddling, and sex(not JUST that stuff of course)

11:36 PM

And so when you initiated that stuff, it felt like a floodgate opened. Finally, being able to love someone and sexy stuff with. And a while after the no-more-pics conversation, i was wondering if you would ever start those conversations on your own

That's what sparked the conversation about me feeling bad about feeling horny and wanting to do stuff

11:41 PM

I felt that you would just need time to figure out your feelings on the matter, but it also felt bad to ever be horny and want to do stuff

11:44 PM

And the stuff you did in the past, like the Senior Trip, the low angle fit pic, either something to lead me on about, or an insane way to keep me on a leash. It didn't help at all. But i still fell in love with you, and so I'll let you be ready when she's ready. "Because Ketsia isn't a bad person, she wouldn't do something like that". But it still felt bad for you to pull away after closing so much distance between us

The pulling away hurt the most honestly

11:50 PM

If feeling icky about sex ate you up that bad, I would've wanted you to talk to me about this earlier

11:58 PM

Jul 5, 2025

What would've happened if we were good and married and you felt icky every time we tried to do it?

I also thought you wanted to do it as much as me, but now it feels like you were going to lead me on until marriage, even if that isn't the case

12:02 AM

I do wanna clarify that this is something I recently realized. It's not something that has been eating at me for years, but now that I'm not doing it as an obligation, I actually had the time to realize that it's kinda draining. And I know you wouldn't do this at all, but its stems from the insecurity of being used and discarded.

And I do enjoy being sexual with you and have enjoyed it before. But I feel like it's in me for doing it so early into the relationship

12:06 AM

And I feel like the whole "sex until marriage" thing has gone from a church suggestion to like, an actual personal thing that I've decided. And ironically it's not really tied to religion as much as I thought.

Thank to you I've gone to think of sex as something special you share with someone you care about and not an obligation

12:09 AM

And I guess it's because it was very recently before we started dating that I finally had the courage to cut that guy out of my life for good. And it felt like the reality of what I'd let him do to crashing down on me. And I don't mean to rope you into my past traumas and shit, but really how good you were to me let me realize that I didn't need to do all of that to be loved.

And ik I've mentioned that before, it's just. I'm realizing so much stuff about myself lately and it's all crashing down on me so fast that I just don't know what to do with myself sometimes

12:14 AM

It just feels bad, y'know?

12:17 AM

I don't know how to word this without sounding like an ass honestly

12:23 AM

No I get it, I honestly did lead you on for a while. I basically threw myself onto you and now I'm like, backing out. I'm so sorry honestly. Again, a lot of it is on me because I had so much unresolved stuff and I acted like an idiot even though you meant more to me than just me fucking you.

It doesn't excused me for doing it either of course

But fuck, I feel so disgusted with myself because you mean so much to me and I treated you like I was hunting you down. Like I was trying to trap you in by waving my tits at you. And that wasn't my intention at all.

I know I joke around that I wanted to fuck you even when I hated you at some point but I really did like you romantically before I was into you sexually.

12:31 AM

Even back then when I would talk to you in Morman's class when I sat next to you, I started liking you then. And I feel like shit because I lost sight of myself and straight up seduced you instead of actually trying to pursue you romantically like a normal person would. And now I'm depriving you if something I said I'd give you just because I didn't have the decency to get my shit together before I got into a relationship with someone I really care about

12:34 AM

And that's the thing. I want you to desire me, both romantically and sexually. It's the pulling away that hurts. I didn't mind you seducing me, but the pulling away after the fact stings. It feels like I'm paying for another man's actions

And it's even worse because i made sure to get my shit together before getting in a relationship

That was the whole point in me not dating in high school

12:40 AM

I'm so sorry I don't want to make you feel like that. Just, sometimes I feel like used meat. Like I'm sloppy seconds. And I do desire you sexually, and that hasn't changed. It's just I've been feeling worse and worse about myself that as of the last few days I can't even look at my naked body in the mirror. And I don't know what to do.

And it just makes me feel like shit that it is happening to me rn because I don't really know how to deal with these feelings

Because I've never had them before

But I don't want to push away from that sexual dynamic we have completely because you have needs too.

And it doesn't make me uncomfortable to do any with you per say.

12:50 AM

Let me be clear: you are NOT "seconds"

You may have done some stuff you're not proud of, but you certainly aren't "seconds"

Every time i see you, i see a cute, beautiful, and sexy girl

I want you to remember that

And to say it to yourself every time you look in the mirror

You are a person, not meat, not an object. And quite frankly, i feel disrespected that you think that way about my girlfriend

Those thoughts probably stem from your
DIAGNOSED DEPRESSION!!!

12:59 AM

So not only do i refuse to let you entertain those thoughts, i refuse the notion that you're disgusting, that you're "seconds", that you're a piece of meat

1:01 AM

It's just so hard to love myself sometimes. My confidence is really a front. I'm so insecure about everything, and so impressionable and so easy to manipulate. And I'm really so fucking scared of almost everything. The only time I've genuinely felt like I've gotten to breathe freely is with you

1:04 AM

Ok, let me ask you this then

I have church merch and limited edition church-specific, bilingual hymn book. And you don't get how COOL that makes me yet 💔💔

2:09 AM

Minus 5 trillion aura just now dawg

2:10 AM

NO PLEASEEE

Internally disappointed when i first learned you w...

"Surely she's smarter than this", i thought, before realizing Marck fell for the same thing 💔💔💔

2:11 AM

YOU DONT GET THE AMOUNT OF AURA I RADIATE WHEN I PULL UP TO CHURCH WITH "Pastor Dr. Abner Pardo Medrano" ON MY CHURCH NOTEBOOK 💔💔

Bc my grandpa gave me his spare custom made notebook

typicaldarkmage

"Surely she's smarter than this", i thought, befor...

Nooo 💔💔

2:12 AM

It's like the creationist textbooks to me dawg 💔💔

2:12 AM

NAURRR 💔💔

You're breaking mah heart (in an Italian accent) 💔💔

2:13 AM

You're really just the equivalent of a Mormon soaker by having a bf outside the church fr

2:14 AM

NAURR NOT THE MORMONS-

Did we even finish that conversation?

2:47 AM

Wait which one? bc we had like 5 different ones in an hour and half-

Or two hours

2:48 AM

The sex conversation

2:48 AM

Ohhh, uhhhh- unless you had anything to add I think I said pretty much all I had to say

So far ofc, any new developments and I'll let you know ofc

2:50 AM

To run it down, you want to wait til marriage, feel bad about seducing me and pulling away from that type of stuff, and need to fight Evil Ketsia

2:50 AM

While I: want to do it regardless of marital status, feel fine about being seduced, need to help fight Evil Ketsia, and feel bad about being pulled away from

Is that right?

2:52 AM

Yep! I can speak for my side of things that that's pretty much it

2:53 AM

I do wanna add that I'm okay with like, giving oral before marriage. It's just the penetrative sex part I'm saying "wait til marriage" to

And I'm also cool with the sexy text convos we have, just been so all over the place lately with chores and stuff I don't have time to sit down to really enjoy it like I normally do :')

Forgot to say that too-

2:57 AM

I still want to do it though 🙄

I'm not complaining about the texts or possibly getting oral, but i do still want to do it

2:59 AM

I guess I'd have to kill evil ketsia before I do that because if I end up crying after sex it's gonna be REAL awkward- it's a real possibility that haunts me-

And the idea of doing it sounds nice too, but it's also kinda scary bc I want my first time with you to be extra special

3:03 AM

You

I guess I'd have to kill evil ketsia before I do t...

I'll be sure to spoil you in bed the first time then

You

And the idea of doing it sounds nice too, but it's...

I think it's special BECAUSE it's with you, not because of the occasion

3:04 AM

Well yeah! But I want it to be something I'm truly ready for and sweet. And I have no doubt that you'll deliver- just don't think I'm in any mental state to do it anytime soon-

3:06 AM

[Unsupported: video_call_event]

[Unsupported: video_call_event]

Shit

3:07 AM

typicaldarkmage
Shit

It never fails to make me giggle lol

3:08 AM

Almost nodded off and caught my phone before i dropped it

3:08 AM

You

Well yeah! But I want it to be something I'm truly...

And I guess I had this stupid fantasy of it being on our honeymoon or something super romantic like that.

3:09 AM

And here i had the fantasy of coming back to your dorm and not being able to keep our hands off each other after a date

3:10 AM

I know it's like unrealistic or stupid but it really does sound like bliss to me. And I guess it was very contradictory of me to have some picture perfect fantasy and then like, throw myself at you.

Or well, not I guess

Bc it was-

But yk what I mean-

3:14 AM

And wanting it to be sweet knowing what you're into

3:14 AM

Nothing, not even the kinkiest thing I'm into topples just being made love to

Like, that's the essence of sex to me I suppose. The physical act of joining with someone you love

Truly came to realize through like, monk levels of meditation that half my kinks are sexual-trauma-caused kinks :')

Which- doesn't mean I'm not into them no more-

3:17 AM

Sumn sumn "all the clamps and whips in Los Angeles couldn't phase her, but if you really wanna see her in pain..." or wtv that tv girl song says

3:19 AM

I've been basically sexually repressed for the longest, so it feels like a rugpull that you want to wait until marriage now and tell me now of all times

I genuinely thought we might do something if I ever visited you at college :(

3:23 AM

I'm sorry love, we can still like, do like a blowjob

3:25 AM

Would you even actually want to do that?

3:26 AM

I would!

3:27 AM

Or get scared the second it's out?

3:27 AM

I never really considered that. I don't think I will back out from that at least

I didn't really think about how much it truly meant to you to be able to touch me like that and all until now.

I'll do it though!

3:32 AM

 You

I didn't really think about how much it truly mean...

I've wanted to do all the things couples do, which includes physical stuff.

It's the forever alone conversation again, plus me basically being a step behind everybody in terms of relationship stuff

Even you know how to make out

But I've only fairly recently got a peck on the lips

3:38 AM

And I also wanna kiss and hug you and even at times some sexual stuff in moderation too.

And I know my body isn't the only reason you like me, just don't think the anxiety + depression combos pair too well when it comes to my history with sexual abuse. And the one thing that gives the anxiety as of rn is fs SPECIFICALLY any penetration stuff.

I like doing other stuff with you and I don't want you to think that I don't care about how you feel so I'm willing to go for the blowjob thing because I know that's not part of what makes me anxious

3:48 AM

You

And I know my body isn't the only reason you like ...

It being specifically towards penetration doesn't leave me much hope tbh

3:51 AM

You

I like doing other stuff with you and I don't want...

You gave me a new fear of having an awkward moment where it's out and you get scared, so now I'm in this position of being hard and having to reassure you it's fine

typicaldarkmage

It being specifically towards penetration doesn't ...

Like, what if you never get past the fear of penetration. Then I'm just in a sexless marriage

3:55 AM

No no! I'm not planning on never having penetrative sex with you. Just saying that not any time soon. It's something I have to work on. Because I'm not getting in vitro and I really do want kids (on top of the obvious reason that I'm not gonna leave you sexless for ever).

3:57 AM

You

No no! I'm not planning on never having penetrativ...

I'm asking what happens if you can't get past your fear, not whether you intend to leave me sexless

3:59 AM

I'm sure I'll get over the fear eventually. I just don't know what to say, it's not gonna last for ever and I'll get it off of me it's just gonna take me work that's all.

And I don't mean to be an ass about it but it's not a phobia either-

Im gonna get my shit together, it's just I barely realized how I REALLY felt about this like a day ago 🤔

4:04 AM

It still makes it look like me being a non-virgin is a slim chance in the immediate to moderate future

4:07 AM

Don't want it to sound harsh, love, but I genuinely don't know what I could say to make you feel better about that, and I'm sorry. That's a failure on my part.

4:11 AM

It feels like I'm getting punished for trying to be a good person

Stuff like not sleeping around, jumping from relationship to relationship, making sure my shits together

I'm sorry

I feel like I'm being selfish here in my want for sex

I'll give you the time you need to heal and whatnot

I don't think i want to be the one initiating that kind of stuff for a bit

4:17 AM

Im sorry

4:18 AM

You don't need to be

Please don't

This is just me realizing I've been selfish with my desires

I've felt i was missing out on stuff for so long, and it culminated into this

please be mad at me, not apologetic

Please tell me off or something

4:21 AM

I can't I really couldn't do it if I wanted to

4:22 AM

I want to sink to the bottom of the ocean

4:22 AM

The last thing I wanted was to make you feel bad, love. I'm sorry

4:23 AM

It's not your fault

Please tell me off

Call me a name or something

4:24 AM

Uhh I dunno- fuck off I guess-

My backbone is made of fucking jelly idk-

4:27 AM

I really hate being human sometimes

4:27 AM

I do too i really fucking do

4:28 AM

I'm sorry

I don't know what to do

4:30 AM

It's okay, I love you.

4:31 AM

It's not okay

I don't feel okay

4:31 AM

Im sorry I just can't bring myself to be mad at you. I just can't

4:32 AM

There's a lump in my throat and a new sense of self-hatred

And the worst part is that it was me who caused it

4:33 AM

Don't say that please

I couldn't be mad at you! I just couldn't, don't say that kind of stuff

4:35 AM

But it's not right

4:35 AM

I don't want you to hate yourself. I'd rather you resent me for denying myself to you or anything, literally anything other than that. please

4:38 AM

No

I refuse to resent you

I let my body's wants get ahead of what I want

How can i remain myself if i give into animalistic urges

It's downright pathetic

4:41 AM

You could literally smack me in the face if you wanted to and I'd still say "I love you" back. Don't think it gets more pathetic than that

Because you at least have the reasoning to see that when you feel like something is wrong you back away. But I'm honestly pretty much stupid when it comes to that

And I wish I was that strong

4:46 AM

I really am not joking when I say I don't have any self respect for myself when it comes to any of that

4:49 AM

You SHOULD have some self respect

You're wonderful, truly amazing

4:50 AM

I SHOULD feel terrible about what i said, how i felt. Because I shouldn't have pushed my selfishness onto you, you deserve better than that

4:52 AM

So, I know I haven't talked to you much at all this week, but I wanna let you know that I've had time to truly process things. I've come to the conclusion that we should not be together anymore. And let me tell you why.

I know it seems like I got over the whole sex before marriage incident. And I was trying to. But I had made up my mind that it was better to simply push through it for the sake of the relationship. But it truly did disgust me that you kept pushing for me to have sex with you. Even to the point that I felt like I had to compromise with you. That you said you felt like you were paying for another man's mistakes like talking about me as if I was a defective product. I refused to believe you'd do anything like that so I decided to be disgusted with myself for "tempting you". But in reality, your words and your acts truly did disgust me.

You were "comforting me", basically pushing me to heal so you could fuck me. And there I realized that truly what you did want was to have sex with me. But I refused to believe what was so obviously in my face. I was living with this for weeks, truly driving myself crazy. Because I told myself that I was not gonna let it affect me. That I was gonna uphold my end of the relationship as best I could.

I honestly should've broken up with you right then and there. And God, I can finally allow myself to feel rage towards you. And it's so fucked that after I told you I felt so used and like meat. You STILL had the audacity to say all of that. And even worse that I LET YOU DO IT. Because let me tell you one thing. That guy that abused me, while he asked me for things, the very reason why I was still there, was because I didn't have the guts to tell him they made me feel bad. And that there, would be my fault. But with you, even after telling you, you did exactly the thing I feared you would do and worse. And I didn't tell you, but I really did feel REPULSED with my body the more I talked to you. And God, when I tell you broke my trust in a way NO ONE ever has, I truly did hate the fact that you did that. I showed you my body, I opened up about things I've never told anyone. And your worse fear was that I wouldn't fuck you before a certain age.

And god I should've been more outraged. But I couldn't even believe I'd just allowed that to happen, you literally let me down at my most vulnerable. And fuck, I simply couldn't see you the same anymore, all my infatuation for you disappeared. And I was left with just the idea that you were my boyfriend and you deserved to be loved.

And then when I felt overwhelmed with you, you didn't ask me why, or try to have a conversation with me about it. You just accepted it, just went "I feel better now". And believe me when I say that this is minor, but I wanted to have a conversation with you. And this made me feel like I could not talk to you. When the first thing you said to me was to let you know if you were doing something wrong.

6:37 PM

I want you to know that i truly gave up on having sex with you before marriage, and have put those thoughts away. I truly felt disgusted with myself for doing that and have been doing my best to not want sex. I've never thought about you in a way that made you out to be defective. It was never JUST about sex, but intimacy as a whole, and I'm sorry that i put you through that.

6:44 PM

About "i feel better now". I truly took you telling me to get my shit together to heart, and did so. If it meant being better for you, i would pull myself together. I'm sorry that i made it difficult for you to talk to me, and I'm sorry that i didn't make myself more clear

I truly do love you, and i would rather you stab me than be without you. If there's anything i could do to win you back, I'll try my best to do it.

6:48 PM

And if there's nothing i can do, I'll respect that. I'll make sure to delete all your photos and not bother you anymore.

6:51 PM

I understand, but there is nothing you can do to win me back. I've made my decision and I feel it's past the point of return. I am sorry, and I hope you can find some closure, but at this point I wish you luck and hope you find some peace. I'd appreciate if we'd simply went our separate ways and you not reach out to me. Sorry, but it's just over

7:06 PM

Okay, thank you for your time then

Goodbye, and i love you still

7:08 PM

You know what? I just realized i have more to say.

You barely ever started any type of conversation on your own. You made me feel like a dog waiting for its owner to come home every day. And instead of talking to me, telling me off, and bashing my skull in, you drop that you want to break up after being distant for the last 2 weeks. Of course i felt frustrated after finding out the finish line was moved further ahead for any type of intimacy, of course i pull myself together after you tell me to, of course i feel like I'm doing something wrong and don't know how to bring it up when i asked *you* to bring it up when you're ready.

At what point did you not remember that I'm fucking stupid and won't know unless you tell me?

You wanna talk? Let's talk about all of it then, because i want to pick apart everything now

8:54 PM

Fuck me and sorry for bothering you after saying i wouldn't. Good bye
